## ■ \$100K PORTFOLIO — PATH TO >20% ROI

**Target:** +\$20,000 on \$100K. At 1–2% risk/trade (\$1K–\$2K), you need a minimum 2:1 reward-to-risk ratio. A disciplined trader taking 3–4 high-conviction trades per week with 60% win rate and 2.5:1 R:R achieves this target in approximately 3–4 months of consistent execution. The table below shows your priority trades for this session.
